### Conferences/symposiums

1. G.Bibileishvili, M.Kezherashvili, M.Mamulashvili. Research on Formation and Phase Inversion Process of Polymer Composition of Natural Water Microfiltration Membrane. 6<sup>th</sup> International Environmental Chemistry Congress (EnviroChem), Proceedings Book, 2024. pp.87. Turkey, Trabzon. ISBN: 978-605-2271-70-4.  
<https://envirochem.org.tr/archive/6th-envirochem/>;
2. G.Bibileishvili, M.Mamulashvili. I.Gogiberidze, E.Kakabadze, T.Butkhuzi. Obtaining High-Quality, Sterile Drinking Water from Natural Waters Based on Membrane Nanotechnologies. 6<sup>th</sup> International Environmental Chemistry Congress (EnviroChem), Proceedings Book, 2024. pp.63. Turkey, Trabzon. ISBN: 978-605-2271-70-4.  
<https://envirochem.org.tr/archive/6th-envirochem/>;
3. G.Bibileishvili, M.Kezherashvili, M.Mamulashvili. Economic Approaches to Obtaining and Maintaining Quality, Sterile Drinking Water From Natural Waters Through the Use Nanotechnological Membrane. 16<sup>th</sup> International Black Sea Modern Scientific Research Congress. Black Sea Assembly, 2024. pp.43. Turkey, Trabzon. ISBN: 978-625-367-820-3.  
<https://www.blackseacountries.org/books>
4. M.Mamulashvili, G.Bibileishvili, M.Kezherashvili, Z.Javashvili, I.Gogiberidze. Creation of Membrane Nanotechnologies and Nanosystems. 16<sup>th</sup> International Black Sea Modern Scientific Research Congress. Black Sea Assembly, 2024. pp.40. Turkey, Trabzon. ISBN: 978-625-367-820-3.  
<https://www.blackseacountries.org/books>
5. M.Kezherashvili, G.Bibileishvili, M.Mamulashvili. Influence of Coagulation Bath Temperature on the Morphology of the Polyamide Membrane. 16<sup>th</sup> International Black Sea Modern Scientific Research Congress. Black Sea Assembly, 2024. pp.41. Turkey, Trabzon. ISBN: 978-625-367-820-3.  
<https://www.blackseacountries.org/books>
6. G.Bibileishvili, N.Gogesashvili, M.Kezherashvili, L.Kuparadze, L.Ebanoidze, M.Mamulashvili. Research of Baromembrane Processes Based on Cellulose Acetate Membrane. International Scientific Conference "Environmental Protection and Sustainable Development" Dedicated to Professor Victor Eristavi the Memory, 2024. pp.129-135. Georgia, Tbilisi, Georgian Technical University;  
<https://doi.org/10.36073/978-9941-512-47-6>;
7. G.Bibileishvili, N.Gogesashvili, M.Kezherashvili, L.Kuparadze, L.Ebanoidze, M.Mamulashvili. Processing of Water and Fruit Juices by Micro-and Ultrafiltration. International Scientific Conference „Chemistry - Achievements and Perspectives“ Dedicated to 90 Years of Birth of Academician Givi Tsintsadze, 2023. pp.114-115. Georgia, Tbilisi, Georgian Technical University;
8. G.Bibileishvili, N.Gogesashvili, M.Kezherashvili, L.Kuparadze, M.Mamulashvili, L.Ebanoidze. Use of Polymeric Membranes in Wine Progressing in Technological Progress. 80<sup>th</sup> Anniversary of the GAAS Professor/Academical Guram Tkemaladze International Scientific-Practical

- Conference "The Innovative Research Aspects in Agricultural Science", Collection of Works, 2021. pp.194-196. Georgia, Tbilisi, Georgian Technical University;
9. G.Bibileishvili, M.Kezherashvili, N.Gogesashvili, M.Mamulashvili. Creation and Processing of Polymer Membranes to Obtain High Quality Water. International Jubilee Scientific-Technical Conference „Environmental Protection and Sustainable Development“, 2019. pp.57-58. Georgia, Tbilisi, Georgian Technical University;
  10. G.Bibileishvili, L.Kuparadze, E.Kakabadze, N.Gogesashvili, M.Kezherashvili, K.Pareshishvili, T.Butkhuzi, Z.Javashvili. Development of Molecular Mass Determination Methodology Using Zetasaizer Nano ZS 90. Scientific-Methodological Conference „Chemistry - Achievements and Perspectives“, 2018. pp.154-160. Georgia, Tbilisi, Georgian Technical University;
  11. G.Bibileishvili, N.Gogesashvili. Creation and Researcher of Cellulose Acetate Membrane. 5th International Caucasian Symposium on „Polymers and Advanced Materials“, 2017. pp.53. Georgia, Tbilisi, Ivane Javakhishvili Tbilisi State University;
  12. G.Bibileishvili, N.Gogesashvili. Creation of Cellulose Acetate Membrane on the Basis of Different Compositions. International Scientific Conference „Modern Researches and Prospects of their Use in Chemistry, Chemical Engineering and Related fields“, 2016. pp.42. Georgia, Ureki, TSU Rafiel Agladze Institute of Inorganic Chemistry and Electrochemistry and Ivane Javakhishvili State University;
  13. G.Bibileishvili, N.Gogesashvili. Preparation of Polymer Membranes by Using of Some Aromatic Polyamides. 4th International Caucasian Symposium on „Polymers and Advanced Materials“, 2015. pp.18. Georgia, Batumi, Ivane Javakhishvili Tbilisi State University;
  14. G.Bibileishvili, M.Kezherashvili. High Performance Materials for Membrane. 4th International Caucasian Symposium on „Polymers and Advanced Materials“, 2015. pp.68. Georgia, Batumi, Ivane Javakhishvili Tbilisi State University.

### **Patents**

1. G. Bibileishvili. Water Purification Device. The National Intellectual Property Center of Georgia "Sakpatenti", №850/01, 05/10/2012;
2. G. Bibileishvili. Household Membrane Unit for Water Filtration. The National Intellectual Property Center of Georgia "Sakpatenti", №2379, 2001.03.25;
